

2018 July LC Newsletter

We hope this newsletter finds you all well. We have some information for you, as well as some pictures of the new remodel, which is now complete.

Remodel:

Thank you to everyone for your patience during these summer months as the remodeling continued. The club is back up and running, although finishing touches are still be made. There are several new work spaces, plus an additional staining area and the floor looks awesome!

Upcoming Events:

An open house, to show off our new digs, is in the works. The club is inviting other SCW clubs, as well as the local community, to visit and check us out. It is scheduled for **Friday, September 28th, from 1 - 4 pm.**

New member Class:

Class will be held **Saturday, October 6th from 9 - 3 pm.** We changed these classes to a full day in order to alleviate as many scheduling conflicts as possible for both instructors and attendees. Also, Saturdays provide fewer disruptions for members.

Monitoring:

As you all know, monitoring is a requirement in every club. During the summer months it is particularly difficult to obtain monitors as there are fewer members present. With so many members gone, many of the same people end up monitoring repeatedly.

We would like to encourage those of you who are here during the summer months to monitor as often as possible. Members who are away can then pick up the slack when they return. Please help out.

Pictures of the remodel will be attached to the email as well as placed on the website. We truly hope this newsletter finds you all well and enjoying your summer.
